Soccer Will Be the Game

Sierra Madreans Coliseum Bound For Play June 12

A minimum of 30,000 to 40,000 people will be reminded of the City of Sierra Madre on June 12 when the city's All Star soccer team, at the close of its first year, will play by special invitation a preliminary game against the Torrance All Stars at the L. A. Coliseum when the international soccer match will be played between Glasgow Celtic, champions of Scotland's major league, and Mexico's champion team, the Atlas.

This is the first year that the Sierra Madre Department of Parks and Recreation has sponsored soccer as part of the city's recreation program and four teams played a short season from December to March, coached by Trevor Toozee, George Taylor and Peter Milton of Sierra Madre and John Rousseau of Whittier. All but Milton will accompany the All Stars for their big day in the Coliseum. Apparently the All Stars have built up quite a reputation as a result of their out-of-town games, winning three out of four battles and becoming runners up in the L. A. area for championship of the AYSO (American Youth Soccer Organization), playing in the meet at Rancho Cienega, which garnered a trophy for each of the boys who played. Coaches Taylor and Rousseau themselves have been in the Coliseum.

City Claims Change In Ordinance Not Recognized

Permit Granted About Aug. 17, But Red Tagged Sept. 2 By Inspector

The City of Sierra Madre was legally notified this past week that Mr. and Mrs. Carl Zeckner of Pasadena, to soon be residents at E. 333 Grand View, had formally filed suit against the City in the amount of \$7000, this being the amount that they claimed was damages incurred by them in the building of their home at the above address.

Plans Submitted According to records, the Zeckners presented their plans and specifications to the building department of the city on or about July 30 of last year, for a plan check and a permit to proceed. They were granted their building permit on or about August 17, duly signed and approved by all parties concerned.

On or about August 26 it was discovered by the Building Inspector that the contractor, assumingly working by plan, had not allowed enough sidewalk set back for the eave overhang. Since construction had started as above mentioned and the noted irregularity noted as stated, it was felt by those concerned, that a proper application to the Planning Commission, for variance, would solve this problem. If it be denied then the Zeckners were satisfied that it would be necessary to cut off the eave overhang and suffer the loss of the architectural value.

Red Tagged Having completed the excavation, ditching, forming and steel being ready for concrete and lumber on the site, the Building Inspector "Red Tagged" the job on

Old Fire Horse Returns

Frank L. Lowell Awarded Fire Department Photo

There's a saying that an old fire horse or fire dog tends to start running whenever he hears an alarm. Therefore it seemed natural for Frank L. Lowell, to attend the monthly meeting of our volunteer fire department, because Mr. Lowell, who was visiting former neighbor Mrs. Emil Smith on a trip here from his present home in Coronado, was one of the first of the city's volunteers.

So, when he admired a photograph hanging on the wall of the fire department quarters in City Hall, which pictured W. D. Richards as Fire Chief, George Norris as assistant, Steve Petzel and Joe Swanson as captains and himself and Milt Steinberger along with some 20 other "nozzle squeezers," all in their uniforms, the assembled firemen promptly and unanimously voted to present the photograph to Mr. Lowell as a gift, took it from the wall, and did so.

Frank Lowell, now 73, has lived in Coronado for 26 years, been retired from the police force there for six years after 15 of service. But back in 1919 and for some years thereafter, Lowell was a busy and popular Sierra Madrean.

Delinquent Tax List

If you did not pay your property tax for the year 1965-66... it's too late now. We are now in the process of setting the delinquent tax list for the City of Sierra Madre. This complete list with names and amounts will be published in the Sierra Madre News on June 2 and just to be sure that all your neighbors did not miss it, it will again be published June 9. Watch for it.

Construction To Start On Mountain Trail

Pink notices were placed on doors of all homes on Mountain Trail, between Sierra Madre Blvd. and Mira Monte which stated in part:

Construction on Mountain Trail Avenue is expected to begin on Monday, May 23. The contractor, Osborn Constructors (Pasadena) will begin by removing all old curb and gutter and paving. This will be followed immediately by construction of new curbs, gutters, paving facilities, etc. Traffic and access to individual properties will be limited from time to time during the expected 30-day construction period. You will be able to park within the construction area overnight. Your cooperation will be appreciated. We promise this won't be necessary during the next 20 years. If you have any questions call Engineering Department, City Hall (355-7135), or contact the City representative in the field during the construction.

Residents of the area should keep these facts in mind and notify delivery trucks and friends of the temporary inconvenience.

Musicians Wanted

Frances King wants real live musicians for the July 4th parade, as stated by Frances, "You don't have to play good... just loud." And she continues by saying "Grab your instrument and join the fun."

Although there will be many interesting parade entries through the cooperation of the many local organizations, the committee has been unable to locate a band, and they need you. For particulars just call Frances at 355-8994 in the evening.

Willson Services Held Monday

Funeral services for William Stanley Willson, 73, of 166 N. Sunnyside Ave., Sierra Madre, were conducted Monday, May 16 at 11:30 a.m. by Rose Hills Mortuary at the graveside in Rose Hills Memorial Park. The Rev. Sherwood Eddy officiated.

Mr. Willson, a native Californian and resident of Sierra Madre for 16 years, died Thursday, May 12 in his home. He is survived by his wife, Florence of the home address; two sons, Fred and Stanley Willson, and three grandchildren.

After some half dozen years he sold the business which became known as "Joe's Garage," perhaps because Joe Belohlavek, the new owner, had a Czechoslovakian name which did not trip on the tongue.

During the eight-week course, Cook was trained in the preparation and maintenance of Army records and forms and the Army filing system.

The 24-year-old soldier entered the Army in January, 1966, and completed basic training at Fort Bliss, Tex.

While we are talking about civic clubs, let us hesitate for a moment on our Lions Club of Sierra Madre, at the present under the capable leadership of Ben McGee.

We do not know this as a definite fact, but it is rumored that on Memorial Day Sierra Madre will have new 50-star flags displayed from Lima Street to Baldwin.

This is the sole project of the Lions Club, and a very worthy one I am sure... also rumored, that if their Rummage Sale was a great success, that by July 4th, we might have the flags running from Michillinda to Baldwin, and from Highland to Orange Grove, or similar boundaries. Anyway, they will be complete for all our city.

Now this is no small project. It will take several hundreds of dollars to complete this project, and it has been several years since flags were displayed on appropriate occasions... hats off to these fellows and their good wives, each and all of us appreciate the contribution.

It was quite an honor for Sierra Madre to have two Please turn to Page 17

You and Your Neighbors

by Mary-Modelent Lamphier

Salute your neighboring town at the Alhambra Hi Neighbor Day Parade on Saturday, May 21, if you are driving visitors to our Art Fair around the area. Take them to the Antique Show at the Pasadena Municipal Auditorium on Thursday. Friday take your guests—or your sons—to the Shafter Airport for the Bakersfield 100 International Championship Stock Airplane Races. If you go as far away as Del Mar, La Jolla and San Diego (and its Marine Museum) make it Saturday after viewing the Armed Forces Day Parade in the city at 10 a.m., and check the Boy Scout Fair at the San Diego Fairgrounds. Or if you go down Sunday, you can have a free organ recital at 2:30 in the Spreckels Pavillion of Balboa Park. Or further for this same weekend, the Fern and Shade Plant Show at L. A. County Fairgrounds; the music festival at Ojai; the parade of the May Festival

Saturday morn at 10 at Orange; or a similar parade same day at Paramount; and, of course, the "World of Jade" with the famous Jade Pagoda at Exposition Park's Museum of Natural History. All these treats to be considered for sampling, of course, only after you've allotted lots of time for our own big show—the annual Sierra Madre Art Fair!

Every day bears witness to the old saw, "Ask a busy person if you want to get something done." Another example: Fire Marshal Bert Embree and his wife, Velma. In addition to his ardent activity with Little League Baseball, Bert co-chaired the PTA Carnival of Sierra Madre School, Velma was one of those with Kay Rule and Rosemary Abernethy who went off to San Francisco for the PTA meet, and they have four children at home!

Go home teenagers! I am joining the long line of "frankly forties" that are fed to the teeth with teenagers peering at you from every magazine cover and poster. All the cosmetic ads tell all those beautiful young girls how to keep a youthful look. Bah and humbug. Tain't cosmetics that give them that look. It's those tender years.

All you ever see about the more "mature" woman is ads for girdles that make you look as if you had two hands pressed against your poor sagging midriff. There are creams to take away the ugly brown spots and pills to relieve your middle-aged upset stomach.

You might get up in the morning feeling pretty right with the world and as if you might make it thru on your own steam till at least night-fall. Then you sit down with the second cup of coffee and the boom is lowered. You read all of the ads geared at keeping the youth more youthful and to keep you from falling on your spotted, sagging muscled face, and you probably won't make it till lunch time without a great deal of assistance.

I call it psychological war-fare. Guess they figure (and by they, I mean those teenagers that have probably taken over the magazines in a subversive way) that the "frankly forties" have been brow-beaten out of all of their loot anyway so why bother.

Well there is one loyal advertiser that never fails to care how I look and feel, he just wants to comfort me and sell me a pre-paid cemetery lot.

Think my banner will read, "Remember! Today's Youth is Tomorrow's Middle Aged Spread!"

Talked to Dodie Kirwan of Sierra Madre Villa, the other day. Trying to catch up on the activities at her household. She and Joe had just come back from a long weekend at Palm Springs with their three daughters, Kathy, Patty, and Barbie. They stayed at the Chalet and just basked in the beautiful "SUN" all day long inbetween swims in the pool. (Long about this time of year I am convinced summer will never come to Pasadena).

At this writing Mr. and Mrs. Paul Brown are already enjoying their stay in Italy. They plan to be gone about three weeks touring in and around Italy after Mr. Brown has completed his business.

Plans for the approaching marriage of their daughter Linda is an all consuming subject at the home of Mr. and Mrs. Don Breshears of Sierra Madre Villa.

She will be married in August to Gary Woods, son of Mr. and Mrs. Kenneth Woods of Greenwood in Pasadena.

Both the young people have previous ceremonies to attend before their wedding. Linda will attend her own graduation from Pasadena High School and Gary, his graduation from University of Southern California. Gary will continue on in post-graduate school in the fall in order to get his Master's degree.

There is nothing like a completely renovated house to get you into a party mood. Mr. and Mrs. R. B. English have just completed remodeling and redecorating their entire home and have been giving a series of "Gabbins" and "Snackins" champagne cocktail parties to show off the fruits of their labor.

Those invited to the first party the Saturday before last were a group of their neighborhood friends.

Included on the guest list were Mr. and Mrs. Charles Arminski, Mr. and Mrs. Richard Arthur, Mr. and Mrs. Neal Batterson, Mr. and Mrs. Don Berringer, Mr. Gene Burt, Mr. and Mrs. Ward Clark, Mr. and Mrs. Richard Davidson, Mr. and Mrs. Larry Deitzel, Mr. and Mrs. Robert Dilworth, Dr. and Mrs. John Evans, Mr. and Mrs. Frank Ferris (Frank basked in the "ohs" and "ahs" over the redecoration in-as-much as Frank Ferris Interiors was responsible for the results), Mr. and Mrs. Prentiss Hale, Dr. and Mrs. Casimir Harris.

Mr. and Mrs. Clarence Kanak, Dr. and Mrs. Rand Lewis, Dr. and Mrs. Loren Lutz, Mr. and Mrs. Hugh McGookin, Mr. and Mrs. Ralph Barnard, Mr. and Mrs. Millard Jacobs, Mr. and Mrs. Howard Morgridge, Mr. and Mrs. William Morse, Mr. and Mrs. William Nash, Mr. and Mrs. Walter Opp, Mr. and Mrs. Harry Pulaski, Mr. and Mrs. Al Richards, Mr. and Mrs. Edward Rucks, Mr. and Mrs. John Shlaudeman, Mr. and Mrs. Edward Sweeting.

Also Mr. and Mrs. Paul Wetcher, Mr. and Mrs. Ted White, Mr. and Mrs. John Wilfang, Mr. and Mrs. Wayne Furstenberger, Mr. and Mrs. Karl Deitzel, Mr. and Mrs. Herman Fink, Dr. and Mrs. Paul Hamilton, Mr. and Mrs. Dan Marvosh, Mr. and Mrs. James Simpson, Mr. and Mrs. John Willis, Mr. and Mrs. Don Winton, Mr. and Mrs. Don Swarthaut, Mr. and Mrs. Harlan Tripp, and Mr. and Mrs. Wyman Williams.

Needless to say the neighbors were delighted to see the final results of all of the months of activity around the house. Last Saturday the English house had a repeat performance with a different group of friends.

Those invited on that party were Mr. and Mrs. Lloyd Balsam, Mr. and Mrs. Chuck Bausback, Mr. and Mrs. Frank Bleitz, Mr. and Mrs. Bob Bowlus, Mr. and Mrs. Bob Brown, Mr. and Mrs. Muir Dawson, Mr. and Mrs. Bill Farmer, Mr. and

Jamie was walking down the street singing. It so happened at the same time Charles was walking down the same street in the opposite direction singing also. When the two met they started harmonizing and found that their voices fit perfectly. Funny way to start a singing group you might say, but not really.

"Two Shades of Soul" is composed of the aforementioned lads, Jamie Quinn and Charles Smith. How did they get their name. Well, it so happens that Charles is Negro and Jamie is Caucasian.

The boys have written numerous songs including, "Ballad to a Faithful Woman" and "I Appreciate You." As a matter of fact, they just recorded, "A Little Bit of Soul," and "The Thief of Love," on the Imperial label. This record should be released in the next couple

of months. The funny thing about it is: they used an anvil (blacksmith's tool) as one of their instruments.

In singing the boys would like to combine the white sound with that of the colored. You might call this a sort of "progressive rhythm." While singing on stage they, in fact, fall flat on their backs and do various acrobatic stunts. They also use ventiloquism, for instance, Jamie will be singing and not moving his lips while Charles is moving his lips but not singing.

The "Soul" have played at conventions and the like but as soon as their record is released they should be playing in more noticeable places.

Chuck Berry and the "Brandywines" (a marvey new group) are the boys' two favorite entertainers. They do like most of the other performers though.

Being able to mix everything together and sell to everyone would be the guys' ultimate ambitions for they would like to please everyone.

With an ambition like that and all of the groovy facts these lads have presented, all I can do is wish them luck in whatever they might do. Of course, this luck will not be too hard for them to obtain for they would probably be good in anything they might do.

Bal Mystique-1966 Scheduled May 21 For Crippled Children's Guild Unit

ON THE COMMITTEE for the Bal Mystique-1966, sponsored by Sierra Madre Auxiliary of the Crippled Children's Guild are, left to right: Mrs. George Mays, Mrs. William Gibson with Mrs. Edward Sevajian, ball chairman, at site of new Diagnostic and Treatment Center at Orthopaedic Hospital.

Mystic wonders from the land of Aladdin await those accepting their bid to Bal Mystique-1966 on May 21 sponsored by the Sierra Madre Auxiliary of the Crippled Children's Guild. An embossed black line drawing of Aladdin on a shimmering gold cover give the invitations an allure to intrigue the most sophisticated. Guests arriving at the Stuart Building in Pasadena will find an aura of charm and mystery.

An evening of a thousand and one delights is promised by Mrs. Edward Sevajian, chairman for the black tie ball. The Kiwanis-sponsored Key Club of Pasadena High School has volunteered to provide valet parking and a doorman attired in an abba, sash and fez. A tent among the palm trees will provide an oasis for harem girls, Miss Christine Hawley and Beverly Corp.

The scent of incense will fill the air from antique gold lamps and draw guests toward their tables. Centering each table will be a miniature Aladdin wearing a cerulean sherwal and seated on folds of frothy bittersweet chiffon, waiting to rub his lamp of magic.

The buffet table will hold an array of middle eastern flavors centered by an arrangement of Bird of Paradise. Music for dancing will be provided by Jim Nichols and his orchestra.

Mrs. James Nickloff, auxiliary president, and Mr. Nickloff will head the receiving line.

On Mrs. Sevajian's committee are Mrs. William Gibson, decorations; Mrs. Robert Pendl, invitations and reservations; Mrs. Leo Lehner, door prizes; Mrs. Henry Danovsky, patrons; Mrs. Robert Gardner, entertainment, and Mrs. George Mays, publicity.

Proceeds from the ball will go to the new Diagnostic and Treatment Center now being erected at Orthopaedic Hospital.

So you have fine hair. Under good conditions fine hair looks soft and sleek and occasions more than a few envious looks from women with other types of hair. However, fine hair has its own peculiar problems. It isn't outstanding for its ability to hold a set. It's a good bet it is on the thin side, and what static electricity does to it in the winter just shouldn't happen.

Stimulation, daily brushing with natural bristles and frequent shampooing all are important to the health and beauty of fine hair. Kept tapered and fairly short, it will take more kindly to setting. Also, permanents designed for curve, not curl, will prove more satisfactory.

Whether your hair is as fine as a butterfly's eyelashes offers no problem at our shop. We can permanent it, tint or tone it, and send you home with the most tantalizing and titillating results you have ever enjoyed. One appointment will prove our case at PETITE BEAUTY SALON, 185 West Sierra Madre Boulevard . . . Phone: EL 5-8041, Open 6 days . . . Thursday evenings by appointment . . . Coffee . . . parking in area.

THIS WEEK'S HELPFUL HINT: Tinting, due to certain chemical actions in hair coloring, tends to swell each strand and give more body to your hair.

You and Your Neighbors . . .

Anyone—school or otherwise—wishing to crusade for the protection of wildlife and the preservation of the Little Santa Anita Canyon should collar a young man named James Edward Berry and get him to make a speech; he wrote a rap-turous piece about his boyhood days of hiking explorations hereabouts, unfortunately too long to print in our brief pages.

And when it comes to the upcoming elections, remember the tales of some high school elections last year or so? Some candidates dropped leaflets from a plane, another hired a truck and dispensed free watermelon, just like the TV programs about kids, but don't think either one won.

Mrs. Kurt Schiller, president of the Pasadena Area Girl Scout Council, announced the appointment of the 1966 Summer Camp Directors this week. Singing Pines, in the Angeles National Forest, will be directed by Mrs. Jesse Williams, head of the physical education department at Buena High School in Ventura and a former counselor at the camp. Mission Ranch in Vista will be under the administration of Miss Bobbie J. Diehl, a teacher at Rio Mesa High School in Oxnard, and former assistant director of Singing Pines. Day camp directors are: Mrs. Floyd Stoller, Mrs. R. S. Woodford, Mrs. Edward R. Arquilla, of Pasadena; Mrs. C. E. Millikan Jr., La Canada; Mrs. Lloyd Spicer and Mrs. H. C. Scudder, of Altadena; Mrs. John Malone, San Marino, and Mrs. Lloyd Reeks, Miralesta.

You and Your Neighbors . . .

My guess is that we now outdo Carmel as a world crossroads, and if I don't get to Hawaii this next year, sure gonna feel an orphan, after my head bobbing back and forth to keep track of neighbor travels. Just for instance: take the Robert Ecker family who moved into the Picard's house at 168 N. Baldwin around Easter time, having snapped it up when Raymond Picard was made Fire Chief at Huntington Beach. One brother of Mrs. Ecker, Brian McGoldrick, 622 Mariposa, was playing golf in the Sahara Open at Las Vegas last fall, encountered a friend from football days, and was invited with his wife to Hawaii to play in the Open there, an invitation promptly accepted. Then just last Friday the Eckers put her sister-in-law on a plane to join engineer James McGoldrick in Pakistan, quite a journey to take with three small boys, Christopher, 5; John, 2½, and Jim, celebrating his first birthday the day the plane took off. They went by Pan Am via the polar route to London where they picked up the Pakistani Airlines on to their destination, to be reached Sunday.

And then due back June 18 is the family of Mrs. Ecker's sister, William and Pat Simmons of 435 N. Lima. She teaches the deaf at Cal State, he is a counselor at John Muir, and took his sabbatical to give the whole family a world's tour, starting round from Hawaii. The whole family, means they took five children ranging from 7 to 16, out of schools, Maurine, Ann, Bill, Pat, Helen, so they would have every educational advantage of such a trip (but they are all lined up for summer school on return) and they picked up a Volkswagen camper in Hamburg for their travel on "the continent." Mayor Parks Proclaims Realtor Week

tional Association of Real Estate Boards. Realtors, moreover, will be found among those who have the most active interest in public affairs. They will be found among the servers of charitable organizations, among those vitally concerned with providing the best educational facilities in their communities, and, indeed, they are involved in civic betterment wherever it is to be found. For these reasons, it is with particular pleasure that I join with the National Association of Real Estate Boards and the California Real Estate Association in designating the week of May 22-28, as Realtor Week in Sierra Madre. During this week the meaning and purpose of these dedicated associations will be dramatized by their local boards and individual members.

Celebration

Vasa Temple, 2031 E. Villa, Pasadena, Saturday, May 21, at 8 p.m. Entertainment by The Viking Folk Dancers, soloist Susanne Engen. Dancing at 9 p.m. The Viking Trio will furnish the music. Donation, Norwegian refreshments. All Scandinavians and their friends are invited.

You and Your Neighbor

by Mary-Madeleine Lamphier

Also stopped in at the Wrigley House open house, fortunately early, because it was gratifyingly mobbed. It was enjoyable to find that though some of the furnishings are worthy of a museum, the house has a pleasantly lived-in effect, preserved in spite of its mansion size and the rooms being used for Rose Tournament activities. Got to see the kitchens before the size of the crowd made it necessary to rope them off, and the impressive refrigeration units built into the tiled walls make one realize once again how today we non-millionaires enjoy luxuries (which we deem needs) not available even to royalty only a short time ago. If you ever take the opportunity to view old photos of the Rose Parade which hang on the walls now, you'll find them fascinating.

Remember, please — if anyone is born or has a wedding or a party, or an operation, has visitors or a fire, is ill or gets well, has an accident or wins a prize, receives a degree or makes a speech, holds a meeting or builds a house, moves here or moves away, takes a trip or makes a speech, becomes a nudist or shoots his employer (!) . . . call the News, 355-3324, ask for Mary-Madeleine.

Nelle Vieira, canyon stalwart and also proud grandmother, informs us that through some error, her grandson Robert Doughty, son of Mrs. Jean Holtman of 111 N. Hermosa, was omitted from the list in connection with the recent Boy Scout Court of Honor, so we hereby announce that he received his tenderfoot badge on that occasion. Robert is a member of the new group from Ascension School.

Carousel Guild To Install New Officers

A delightful brunch was given by Mrs. Kenneth Lasky in her home Wednesday morning, May 4, for her outgoing board members of the Carousel Guild. Remaining business for the year was discussed. The Carriage Shop will go on summer hours June 1 through Aug. 31, when the Shop will be open from 11 a.m. until 3 p.m. Tuesday through Thursday.

Thursday, May 19, the final Carousel luncheon will be held in the San Marino home of Mrs. Ray Murphy. The installation of the 1966-67 officers will follow the short business meeting held before the luncheon.

The nominated slate of officers is as follows: Chairman, Mrs. Robert R. Kellogg; shop manager, Mrs. Robert Farmer; assistant manager, Mrs. John Sjogren; membership, Mrs. Hollis Lindstrom; recording secretary, Mrs. George Fraser; corresponding secretary, Mrs. Ray Murphy; treasurer, Mrs. Gale Gaffney; publicity, Mrs. Eugene Rodi.

DANISH PORCELAIN REQUIRES 2 YEARS

Fifteen years after the Royal Porcelain Factory was established in 1775, Crown Prince Frederik (later) Frederik VI ordered a dinner service with Danish flowers as its main motif. It was intended as a gift to Catherine II of Russia, but it took 13 years to make the 2,600 pieces; by then the czarina was dead. The set of Flora Danica, as the pattern is called, was kept by the Danish royal family and is now in the royal collection at Rosenburg Palace. The porcelain is still used by the court on special occasions. The dinner service is still being manufactured, and deliveries are still slow — sets are made only to order and delivery time today is about two years.

Legion Auxiliary To Install Officers In June

The new slate of officers for the American Legion Auxiliary was reported by the nominating committee at a meeting held at the home of Mrs. Orrella Henderson on Thursday night. These were elected unanimously. The new slate:

President, Thelma Proctor; first vice president, Amy Beisel; second vice president, Bertha Billings; secretary, Orrella Henderson; treasurer, Edna Faller; executive board, Mabel Perry, Bernadine Bent and Helen Wheeler.

The installation will be held some time in June. Delegates and alternates for the State Convention to be held in Bakersfield June 25-26 were elected as follows: delegates, Thelma Proctor, Effie Pratt and Amy Beisel; alternates, Edna Faller, Helen Wheeler and Bertha Billings.

Sierra Madre ex-service women attending the dinner honoring them April 25 at the Arcadia Club House were Leila Roberts, Edna Hall, Marguerite Bowman, Donna Robertson and Marie Ostler. Past presidents assisting at the dinner were Edna Faller, Thelma Proctor, Effie Pratt, Lucile Pickett, Orrella Henderson and Helen Wheeler.

Foreign Relations Chairman Amy Beisel reported 11 members and husbands attending the Philippine Dinner at Arcadia Legion Hall.

Lucile and Roy Pickett, accompanied by Mr. and Mrs. William Maxwell, attended the "Sons of the Legion" breakfast at El Monte. Americanism chairman Thelma Proctor has awarded the Americanism Essay Contest prizes to the winners at the Church of the Ascension School.

Community Service Chairman Orrella Henderson reported 329 hours and \$76 given by the Unit members, in service.

Interesting letters were read from former members: Birdie Whitely of Reno,

OPEN HOUSE will be held on May 21 at the U.S. Naval Ordnance Test Station, 3202 E. Foothill Blvd., Pasadena, in observance of Armed Forces Day. The gates will remain open to the public from 10 a.m. to 4 p.m. with naval weapons on exhibit, laboratory tours, and continuous movies of the research and development work of the activity.

Woman's Club To Install New Officers

Sierra Madre Woman's Club will install its officers for the 1966-1967 season at a tea in the Woman's Clubhouse, 270 W. Sierra Madre Blvd., at 2 p.m. Wednesday, May 25.

The installing officer will be Mrs. Edward D. Wiley, first vice president of C.F. W.C. Officers to be installed are: Mrs. Roy E. Griffin, president; Mrs. Arthur Code, first vice president; Mrs. John H. Maddox, second vice president; Mrs. Archer S. Frey, recording secretary; Mrs. Jack N. Stratton, corresponding secretary; Mrs. Henry Wade Jr., treasurer; Mrs. Alan W. Born, auditor; directors, Mrs. Raub McKim, Mrs. Arthur Maricq, Mrs. A. S. Myers, Mrs. Dee Nourse, Mrs. H. H. Singleton and Mrs. J. A. Dewar.

The afternoons entertainment will be furnished by Mr. and Mrs. Carl Gerke with color slides and a talk by Mr. Gerke on Hong Kong.

Honor guests at the tea are the artists who have exhibited their work on the clubhouse walls this season, according to Art Chairman Miss Grace Webber. They are Bee Ward, Ward MacIvor, Madeleine Pichard, Ena Bonney and Perl Patterson.

Neve, who keeps busy with her "Welcome Wagon" Club; Anne Block of Buckeye, Ariz., sent greetings and experts to spend the summer in Sierra Madre; Hazel Preis of Thousand Palms sent greetings.

The next meeting of the Unit will be held on Thursday evening, May 26, at the home of Edna Faller when the 1,300 red paper poppies made by the Veterans of San Fernando Hospital will be assembled in preparation for their distribution on Friday and Saturday, May 27 and 28, Poppy Days.

New officers are: Mrs. Errol B. Sloan, president, of Los Angeles; Mrs. W. L. Kroenung, first vice president, South Pasadena; Mrs. L. M. Lovatt, second vice president, Los Angeles; Mrs. Hans H. Gerisch, third vice president, Los Angeles; Mrs. DeWitt C. McMeans, recording secretary, Canoga Park, and Rose Clark, treasurer, Hawthorne.

The program will also feature a demonstration of a floral still life in oil by member and past president

Mrs. G. K. Schmit, Arcadia. Mrs. Schmit is an active member of five art organizations and is well known in the San Gabriel Valley for her fine caliber of painting. She has won over 30 awards for her florals, portraits, landscapes and marines.

Two of her paintings were selected by the Municipal Art Commission for the permanent Art Collection of the City of Los Angeles. Mayor Yorty sent one of her paintings to the Mayor of Negoya, Japan, as a Christmas gift from the City of Los Angeles.

Spain's Apricots Rise Spain's 1965-66 dried-apricot crop is estimated at 2,800 short tons, 600 tons over the previous year. Exports in 1966 may rise slightly above the 1,600 tons shipped last year.

Buying a home on your own is a complicated business, fraught with mystery.

Better see the Man from N.A.R.E.B.

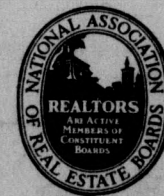

A Realtor is your key to the right home.

Your Realtor has all the clues about what to look for in a house. Years of experience and training make him an expert. He saves you time and trouble tracking down leads that turn out to be dead ends.

A Realtor is a professional in real estate who subscribes to a strict Code of Ethics as a member of the local board and of the National Association of Real Estate Boards. He'll smooth over the endless details of home-buying, because Realtors are trouble-shooters from way back.

If you're buying a home, the man from N.A.R.E.B. — the National Association of Real Estate Boards — is the man to see. His I.D.? This seal, which only a Realtor may display.

Destined to know the joys of such childhood explorations (we hope) is another new baby, little Amy Both, born April 30 to Mr. and Mrs. Donald Kitzerov of 460 Sierra Keys Dr. at St. Luke Hospital, at the nicely rounded weight of 7 pounds 7 ounces. Her 12-year-old brother, Donald, who attends Sierra Madre School, had a long wait for a little sister, as did the grandparents, but since both sets live in Cleveland, Ohio, acquaintance will probably have to wait a year, except for Mrs. Kitzerov's mother, Mrs. Paul Falk, who has been visiting for some weeks to help out. The family is new

here since last summer. Welcome to both family and new arrival.

It was at a Civic Club meeting that Jean Holcomb was pleasantly surprised to learn that fellow member Ann Tyler and her husband will be flying Pan Am with them on the same tour; both couples will spend all of the first week at Waikiki; the second week the Holcombs will go on to one-day stops at various outer islands, taking in special tours, while the Tylers will spend this time visiting friends at Kona.

— ☆ —
Reassure any husband who does not have a child at Wilson, and so knows the explanation for the kooky parade he may have seen on his way to work last Friday. It was the ninth grade annual costume day, with this year's theme "World You Believe—Cartoon Characters," and an ambitious dozen or so met at one girl's home for early breakfast, with the mutual vow to walk all the way to school in their costumes, little wotting what their appearance might do to someone with a pre-weekend hangover. Serve them right if parts of costumes began to drop off before they arrived.

SM Police Ask Help

The Sierra Madre Police Department solicits the cooperation of the motoring public in attempting to reduce the accident rate in Sierra Madre.

Of the many causes which contribute to the accident rate, excessive speed ranks number one. Speeding includes exceeding the maximum speed limits and driving faster than conditions warrant.

While traffic enforcement may reduce certain types of accidents, the greatest gains in accident prevention will be realized when every motorist recognizes his or her driving responsibilities and subscribes to voluntary compliance of the driving laws.

Traffic safety is a community problem and requires total community effort. Reduced speeds will allow safer automobile operation.

The Sierra Madre Police Department asks the cooperation of the motor public. Begin your own safety campaign—Slow down for safety's sake.

Sierra Madreans As Trainees

Three Sierra Madre girls are among those honored by being chosen as Girl Scout Counselor-in-Training selectees for this summer at Singing Pines Camp. These are: Betsy Harris, 645 N. Auburn; Colleen Simpson, 446 Theresa Lane, and Paulette Yeats, 1925 Lilliano Drive, all in CIT II.

CIT II means girls entering 12th grade who will be completing the second and final year of a counselor course by receiving further training in advanced skills and knowledge of camp administration, operation and standards, plus two weeks of apprentice experience. Upon completion of two summers of training, these selectees receive a junior counselor certificate which can help them to secure paying summer camp jobs in the future, often utilized as a means of earning toward college expenses while enjoying an outdoor summer.

Even girls new to Scouting who first enter a senior Scout group during tenth grade can be eligible for this training program. Prerequisite is to have completed enough Girl Scout training and work to have received a "program aide" bar, which is worn on the uniform.

A program aide must have accepted and com-

pleted an individually assigned project and be willing to continue in scouting for two years. Program aides, after receiving their bar, then go out as an assistant to a troop leader, sometimes serving as a substitute leader in emergencies such as illness. From these program aides the selections committee choose for counselor training a group outstanding in Scout performance, and partially subsidizes camp cost by contributing \$40 of the \$85 for CIT I, (for those entering 11th grade), \$65 for CIT II, (for those entering 12th grade).

However, families wishing to secure such training for their daughters may do so at regular fee by making application through troop leaders each spring.

Mrs. Douglas Watts, 710 Mariposa, took time off from Civic Club activities (she's now corresponding secretary, will soon be busy as first vice president) to enjoy a three day weekend when her mother, Mrs. Ralph Hansen from Lynwood came for Mother's Day. Six year-old Kimberley always loves her grandmother's visits.

John F. Schiller Named Manager At Honeywell

A Sierra Madre man, John F. Schiller, has been named business manager for the Los Angeles branch office of Honeywell's electronic data processing division.

In his new post he will handle such duties as facilities management and branch administrative procedures. He is working from the newly opened Honeywell Building at 700 Wilshire Blvd.

He moved to the EDP division from a post as assistant business manager in Honeywell's Los Angeles sales office.

Schiller is a graduate of Ohio State University, where he graduated with a bachelor of science degree in business administration, with a major in personnel management. He and his wife Jo live at 177 W. Montecito Ave.

City Sued By Zeckner For \$7000

was the duty of the architect, contractor and owner to apprise themselves of all or any changes in the ordinances, city officials stated.

Here the future home of the Zeckners stood open to weather and elements and no progress. Immediate action was taken for the front yard set back variance before the Planning Commission for its meeting as soon as possible. On September 29 the Planning Commission met in adjourned session, heard both Variances on the side yard and the front yard set back. Granted the Variance for the side yard but denied the front yard variance on the grounds of 1. Variance not necessary and 2. would affect the general plan of the City.

Council Upholds
Attorney Donald Yokaitis made the plea for the Zeckners stating that should the Variance be denied that they not only suffered damages of \$3300 for to-date work, but felt that they had put the property to the very best advantage and to comply with the pushing back of the building would create an undesirable structure and the additional cost of \$2215. Therefore the Zeckners would abandon the property, take the bid of \$2375 for filling in the property and compaction, and claim an overall damage of \$5675.

Mr. Carl Zeckner confirmed these statements as did his contractor, Mr. Remington Stone of 321 Grand View asked that the Council deny the Variance on the grounds of obstructing what he claimed was the most

beautiful view of the Valley in Sierra Madre.

Unanimously the Council voted to uphold the Planning Commission and deny the Variance, whereupon Attorney Yokaitis asked for a vote on the claim of damages for \$5675, which was to indicate a possible suit. The Council as a whole immediately denied the claim.

This action took place at the regular Council meeting of October 26, 1965.

As far as the records show, nothing more was heard from this project, but it was noted that around the first of the year the Zeckners must have abandoned their idea of not building, for they tore out the work thus far accomplished and proceeded to build their home according to the Ordinances in effect.

Their home is now near completion, and at the regular council meeting of May 10, City Attorney Martin informed the Council that he had been notified that the City was being sued in court for the amount of \$7000 damages, allegedly suffered by the Zeckners in the building of their home. The City Council gave approval to the City Attorney to represent the City in Court and defend their action.

If you begin wondering why no news from or about some of your friends, and you don't happen to have young sons, before you begin worrying, consider whether or not they are involved in Little League Baseball, like the Keith McKays, of 140 S. Holdman. If you have two boys, as they do, both playing baseball at this time of year, Scott with the Majors and Keith with the Twins in the Pony League, who would have time for mere trips, visitors or parties? However, do remember, you don't need to have ball-playing sons to have a ball at the upcoming "Vacations a Go Go" dance for Little League benefit.

Mrs. Robert Hopkins, of 390 E. Grand View, is taking a pleasant vacation at Palm Springs, will be visiting her friend Mrs. Herrie Holmes. Mr. Hopkins gets the pleasure of driving her down but will be sticking to the grindstone otherwise.

Congratulations to all the Brownies, Juniors and Seniors who cross the "bridge" to Juniors, Cadettes and Adult Scouting at the big campfire sing and bridging ceremony at Wilderness Park Wednesday, May 18, with "Midge" Morash again giving of her energy and dedication to direct it. What a perfect setting for such a ceremony — wonder if Indians once held council there? And how great that the gates there will now remain open for the exploring of the more hardy nature lovers.

Both the superb performances and the startled and enthusiastic reception of the audience when Steven Gordon, pianist, and Barry Socher violinist, with Stuart Price accompanying him, opened the three part California Concert Artists Series at the Shakespeare Club made one wonder what it must have been like to have heard some of the greats when young. Did people say of a young Paderowski or Kreisler, "Ah, he'll be heard from?" It's a fun hobby to spot talent in advance of public acknowledgement, making a pleasantly smug feeling when one's hopes and prophecies come true, somewhat like the boss editor's political predictions . . . though, of course, both Mr. Gordon and Mr. Socher have already had public acknowledgement, so I can't be a prophet in this case, just a most grateful and appreciative listener. But that so much is made available at so little cost, and often free, to residents of this area reminded me how lucky we are to live here where the early settlers represented such an unusually high percentage of the culturally elite and were comfortable enough economically to set up the things available to us now, such as the Shakespeare Club and its fine auditorium and concerts like this series.

Anyone who has been getting around to the flower shows must surely, like myself, have had the good intentions of looking up a flower arrangement class and learning how to turn out works of art at home from next to nothing. So its good news to learn that Gordon Baker Lloyd's class "Fun with Flowers" will be continuing at Hinshaw's for mere fifty cents per session.

Odd threads clinging to Irene Jackson, Betty Wade or Soldier - chairman Jean Holcomb merely state that these gals have again been hard at work on the special aprons for the Toy Soldiers, so they'll have them to wear when they both help with the next Doll Adoption party and actually contribute to the entertainment. Jean won't be taking off for that trip to Hawaii with her husband till after this event on June 18, and she'll return from the glorious two weeks on July 3, just in time for Toy Soldier participation in the Fourth of July parade. Grandparents Tom and Cherry Holcomb will come from Leisure World to look after Buddy and his new baby brother, Ted.

DIAMOND DIGGINGS . . .
LET'S TAKE A FAST
glance at the major league
baseball scene after one
month of play.

THE GIANTS give every
indication of having the
manpower to run and hide,
as long as the pitching
holds up. Marichal is
darned near unbeatable
and Perry is finally coming
to life. All things con-
sidered it will probably be
a Giant year. Still the nag-
ging feeling persists that
the Bay bombers can be
had.

THE REST of the N.L. ap-
pears to be pretty well bal-
anced with the exception of
Lippy Leo's Cubs. Even
Houston and the Mets are
making big noises. Good
teams like Atlanta and
Philadelphia are barely at
the .500 mark.

WEST WESTRUM is get-
ting some good twirling
from his Metnick chucks
and his bench is well solidi-
fied with youth and experi-
ence. Grady Hatten has
some fine young ballplay-
ers and all seem to be on
the improve. Wynn and
Morgan definitely are for
real and the Astros are win-
ning without their number
one pitcher, Bob Bruce.

CINCINNATI after a hor-
rid start should be well in
gear now and ready to
threaten for the top money.
Don Heffner has all of the
ingredients on his Reds.
Bobby Bragan, one of my
favorite baseball people,
will probably get the hook
in Atlanta if the Braves
don't get rolling. Pitching
is still his problem.

THE DODGERS now have
the top mound staff in the
game with Don Sutton
proving he can hold his
own with the best of them.
Alston's troops have a way
of getting the job done, but
on paper they still look like
a fifth or sixth place club
until you check the pitching
records. Pittsburgh and the
Phillies are still looking for
some big bats and the Cubs
stink.

Cleveland keeps on win-
ning without any help from
Rocky Colavito and not
much from Daddy Wags.
The pitching has been sen-
sational and a Sam Mc-
Dowell-Sandy Koufax World
Series duel could become a
reality.

BALTIMORE has come up
with some fine young pitch-
ing prospects which would
tend to make any skeptic
consider the Orioles as the
top choice in the Junior
circuit. Charley Dressen's
Detroiters win three and
lose two, a percentage not
conducive to pennantland.
Still the Tigers have top
chucking and when Willie
Horton starts bombing,
watch out.

MINNESOTA is like a
sleeping giant. The Killer
and his cohorts haven't
started ripping the cover
year but still the Twins
hang in their at 50-50. They
will definitely be right in
the thick of it in Septem-
ber.

BILL RIGNEY seems to
seriously consider the
Angels as title prospects
and he should know. The
young outfielders have ad-
ded some zoom to the attack
and the Anaheim's are right
up there without their
number one swinger hitting
his weight. Wait until Fre-
gosi starts connecting.

YOU CAN FORGET the
Yankees and certainly Kan-
sas City, Washington and
Boston can be considered no
more than pesky op-
ponents at times. One won-
ders how CBS figures that
Ralph Houk can right the
sinking New York ship
without some major trades.

LITTLE LEAGUE NOTES
... Red Sox stay atop the
major league standings
along with the Yankees,
both 5-1. Larry Sullivan's
shutout hurling, 11 strike-
outs and a homerun moved

the Dodgers into third
place, 2-3. The Indians
stand at 2-4, Braves 2-4 and
the Cubs 1-4.

LAST WEEK'S SCORES . .
Red Sox 6, Braves 5; Yan-
kees 4, Indians 1; Braves 11,
Cubs 3; Dodgers 4, Indians
0; Red Sox 8, Yankees 6;
Cubs and Dodgers were
rained out.

A baby boy for Mr. and
Mrs. Albert Metzger, 380
Olive Tree Lane, arrived
April 15, at Huntington
Memorial Hospital. He
weighed 6 lb. 2/3 oz., was
named Loren Frederic, and
was welcomed by his sister
Joslyn, 3. His parents,
fellow ex-New Yorkers, have
lived out here some half
dozen years and are over
an nostalgia for the East,
but of course they occa-
sionally make trips back,
since both sets of grandpar-
ents are there.

Frank L. Lowell Awarded Photo

ago, and his only daughter,
Ethel Lois, then two, went
back to Boston for a family
visit, returned via a special
trip through the Panama
Canal, and came back to
work here for Dr. Barstow
as foreman of the remodel-
ling involved when the doc-
tor decided to build a \$500-
000 mansion at Michillinda
and Highland, which later,
after his death, became Al-
verno Heights Academy.

After this he took over
the Steinberger Ford Gar-
age at the corner of Wind-
sor Lane and Sierra Madre
Blvd., remembered by many
as the site for a time of a
tie shop.

He operated this for some
five years, and when Carl
Hansen persuaded him to
surrender the Ford name for
his car agency, Lowell oper-
ated the Union Oil station
cat-a-corner from his first
garage. Then after a couple
of years he moved to Coro-
nado and its police force,

where he remained, except
for the interruption made
during the war when he
worked for Consolidated
Aircraft as a Navy inspec-
tor.

Lowell and Milt Stein-
berger were two of the or-
iginal volunteer firemen of
the city. When the same old
whistle would blow, each
would race a block from
their respective garages,
(Steinberger's was then, up
a block, at Auburn) to the
fire station and mount the
model T with a ladder,
which was the first fire de-
partment vehicle, later aug-
mented by a pumper. And
those were the days when
mountain vegetation and
fewer volunteers made fires
even more hazardous than
today. Yet Lowell says they
never had a failure in ex-
tinguishing a fire, and
never an accident.

On his visit this last
weekend, Frank Lowell was
also a guest of Fred Krin-
ke, at the Elks Club in
Monrovia; Lowell has been
an Elk for 37 years.

Capt. Wm. Simpson To Alabama

William A. Simpson, son of
Mrs. Rosalind Simpson of
900 W. Sierra Madre Blvd.,
has entered the Air Univer-

School at Maxwell AFB, Ala.

Captain Simpson, who
previously served as a B-52
Strato Fortress pilot at
Travis AFB, Calif., will re-

tion at the USAF profes-
sional school.

The captain will study
communicative skills, lead-
ership, international rela-
tions, duties and responsi-
bilities of the command-
staff team, and aerospace
doctrine and employment.

He is accompanied by his
wife, the former Judith A.
Shutts, Mrs. Simpson is the
daughter of Mrs. K. G.
Shutts of 640 Hydraulic,
Wichita, Kan.

Captain Simpson, a gradu-
ate of Pasadena High
School, was commissioned

through the aviation cadet
program.
His father, C. V. Simpson,
resides at 16144 Maplegrove,
Valinda, Calif.

I'm personally quite cur-
ious about what's going to
happen to "Corbett Manor"
in the canyon, now that it's
for sale, with its five bed-
rooms, two kitchens and a
chapel dug into the hillside.
Stories of the old resort
days, when there was a
pool and club up near
where the country store now
stands makes one wish
there were something of the
sort again, a small little
restaurant or such, but sup-
pose canyon people would
not welcome intrusion into
their haven from hassle.

Mohammed urged his fol-
lowers to brush their teeth
with the miswak, a fiber
pencil made from an arak
twig, as part of the Sabbath
cleansing rites.

Gregory Gelisse Completes Basic

Marine Private Gregory W. Gelisse, son of Mr. and Mrs. M. Gelisse of 40 N. Auburn, Sierra Madre, has completed individual combat training at Camp Pendleton.

The four-week course included over 200 hours of instruction under simulated combat conditions, covering combat tactics, guerrilla warfare, day and night combat, patrolling and the use of infantry weapons.

His next stop is four weeks of basic specialist training in his military occupational field. Marines to be assigned to infantry units will be taught infantry specialties, such as the machine gun, grenade launcher, rifle or mortar. Marines to be assigned to highly technical specialties will be sent to military technical schools for their specialist training.

Leathernecks bound for the Pacific will receive more training when they report to the Staging Battalion at Camp Pendleton, Calif. This training will emphasize jungle warfare, patrolling, and civic action based on experience gained in Viet Nam.

20 Nations on Route
The International Asian Highway begins in Turkey and extends—on two routes—some 7,000 miles through 20 nations into Southeast Asia. When completed, probably by 1970, the highway will serve an area of approximately 2.5 million square miles with more than 700 million people. The two eastern termini are Saigon, Viet Nam, and Jakarta, Indonesia.

Gary R. Thompson Moved To Okinawa

Airman Second Class Gary R. Thompson, son of Mr. and Mrs. Harold R. Thompson of 230 Churchill Glenn, Sierra Madre, is a member of the 82nd Fighter Interceptor Squadron recently deployed from Travis AFB, Calif., to Naha AB, Okinawa.

His F-102 Delta Dagger squadron replaces rotational units used for air defense of U.S. forces on Okinawa. It is the first Air Defense Command unit deployed to an overseas base as part of the command commitment to protect against enemy air attack.

Airman Thompson, an air armament mechanic, was one of 350 support personnel transported by the Military Airlift Command to the island installation.

The airman, a graduate of John Muir High School, Pasadena, received his A.A. degree in electronics from Pasadena City College.

Weights & Measures

Do any of you folks remember how Grandmother relied on home remedies when children had the sniffles? Well, things aren't all that simple these days. Colds seem more virulent and even break forth in summer as well as winter. Care must be taken that colds don't develop into something more serious. Should you come down with a bad cold, even though it is in the summertime, check with your doctor. Let him decide the best way to treat it for a rapid recovery. Because —

Summer is an ideal time for a family medical check up too. Especially just before you go on vacation and vacations are not too far off, so make your appointments early. Start now to plan for this summer.

When you need a prescription filled, Hartmans will be a good place to have it compounded. We place all the scientific know-how of the profession at your service by keeping up-to-date on all the new drugs developed in the research laboratories here and abroad. And here is a suggestion you may not have thought of . . . check the needed refills on your family's present prescriptions before you go on your vacation. If your prescription is on file with us just phone us the numbers. We will call your doctor for the proper refill authorization and have them already for you when you call. We consider it a privilege to serve you. Your health and that of your family is our primary concern.

CALIFORNIA COTTON — Sale of California-grown product is about to be hoisted aboard the new APL freighter President Harrison as "Miss World Trade," Penny Ward, of Sierra Madre, visits the Port of Los Angeles for a close look at shipping operations. 40th annual World Trade Week will be May 22-28.

Local Girl Represents World Trade

"Miss World Trade" is Penny Ward, daughter of Mr. and Mrs. Peter Ward of Sierra Madre, 18-year-old scholarship student at USC. The honey-haired beauty (36-21-34) will reign over the 40th annual World Trade Week May 22-28 as official hostess to the delegation of foreign businessmen expected to come to Southern California at that time.

Miss Ward, a Pasadena High School graduate, is a freshman majoring in mathematics. An outdoor girl who skis on snow and water, she has also been queen of the Sports, Vacation and Travel Show and has held numerous beauty titles. She is aiming at a teaching career.

Orchid Society Meets May 19

On May 19, the San Gabriel Valley Orchid Hobbyists will have their regular meeting at 8 p.m. at the Los Angeles State and County Arboretum, Arcadia.

The speaker for the evening will be Ernest Heatherington, of Fred Stewart Orchid Co., who will speak on "Cymbidiums."

Also at the Culture Class, Mr. Heatherington will discuss "Cymbidium Culture." Class starts at 7 p.m. in the lecture hall at the Arboretum.

The meetings are open to the public and those interested in orchids are especially invited.

Liquor Use Up 6%. American consumption of liquor increased 6 per cent in 1965 from the year before to 283 million gallons.

Aluminum Gain Expected. Aluminum manufacturers expect a 10 per cent gain in shipments this year from 1965 4 million tons.

You and Your

A ten year-old seems just a right age to have the fun of helping with a living doll, and that's the privilege of Mary Anne Archambault, whose parents, Mr. and Mrs. Virgil Archambault are the pleased boosters of at last adding another girl to their family. The newcomer is named Jeannette Louise, weighed 8 lb. 1 1/2 oz. when she was born at Huntington Memorial Hospital on May 3. She was welcomed by brothers Paul, John and Mike, and grandparents Mrs. Regina Archambault of El Monte, Mr. and Mrs. Richard Hart of Pasadena.

The flowers that bloom in the spring, tra la, have nothing on the budding and blossoming friendships being formed as mothers of Little Leaguers meet to make those beautiful paper flowers, which will be used on the tables for "Vacations a Go-Go." Not much excuse to be lonely in this town; just pick a phone number and say "Can I help?" and you're in! Of course, I haven't figured just how some manage to keep up with so many civic activities going on, but must be that these large families train their children properly to pitch in. And then, of course, out of giving come unexpected returns... like the portable electric dishwasher gifted to Jeanette Austaad for Mother's Day.

17th Fodel Home Supervised By Sierra Madrean

The 17th Model Home, now being constructed on the Pasadena City College campus, is on schedule and will be ready for its May 20 open house, according to Lorne Johnson, PCC technology and building construction instructor.

El Moreno was the name chosen in a campus contest, and this 1700 square-foot enlarged version is built in two sections for easier moving to its buyer's lot. After its ribbon-cutting ceremony on May 20 the home will be open to the public until June 17 from 3 p.m. until 9 p.m. weekdays and from 1 p.m. until 6 p.m. Saturday and Sunday.

Birch Straughan of Sierra Madre is superintendent. With approximately 33 students of the building construction class each working four hours a day, and the plumbers, electricians, and lathers apprenticeship classes, more than 80 students have been involved in the construction.

gubernatorial candidates. Also appearing will be candidates for seats on the 54th Assembly District County Central Committee.

Ivy Baker Priest, the first woman in history to seek the office of State Treasurer in California, will speak. Mrs. Priest who held the position of Treasurer of the United States for eight years, is listed as one of the ten outstanding women of the 20th century and holds honorary doctorates from four universities.

Dr. Rafferty, State Superintendent of Public Instruction and candidate for re-election, a syndicated newspaper columnist, author, public speaker, and lifelong career teacher and administrator in California schools, will present his views on the needs of education in California today.

"I think most all Savings and Loans are a good place to keep money. Especially for a widow. But I like to keep mine in a FEDERAL savings and loan—like Pasadena Federal. It's mutually owned, by all of us savers. This guarantees that no one stockholder, or a group, can ever get control. And close federal supervision assures me of sound, conservative business practices by management. Of course, I get a high dividend rate on my money, too. Noted Dramatic Tenor To Preach At Congregational Church Sunday

On Sunday, May 22, the Congregational Church of Sierra Madre will place particular emphasis on music at its 10 a.m. worship service and the program will indicate the thanks for the contribution made by those who give themselves devotedly to the providing of music, week after week, with the designation of this day as Choir Recognition Sunday. In keeping with this theme, Rev. Karl Beilstein, a concert violinist and a noted dramatic tenor, will preach on the topic, "You Sing Your Faith."

A native of Los Angeles, Karl Beilstein has been singing in choirs since the age of 12, and at 13 became a member of the Easter Sunrise Choir. As a young concert violinist, Mr. Beilstein was presented by Etude in New York, and once had the honor of being accompanied by the famous pianist, Morris Rosenthal.

Mr. Beilstein attended Occidental College and was awarded a bachelor of arts degree in religion. After his ordination, he served as assistant minister and director of Christian education for churches in Roseburg, Oregon, and Redlands, California, as national missions pastor at Northport, Washington, and as minister of music at Trinity Presbyterian Church in Pasadena. For the past three years he has been director of music for the Congregational Church of Sierra Madre where he directs the Cherub Choir for children in the primary grades, and the Chancel Choir as

well as supervising the entire musical program for the church.

Mr. Beilstein's wife and two of his children are members of the Chancel Choir. Another Sierra Madre family whose members are mainstays of the Chancel Choir is the Edward Murphy family, with Mr. and Mrs. Murphy (he a former member of the Purdue Glee Club), Sue (Mrs. Brad Quick), and Mary singing every week. An accomplished pianist, Mrs. Murphy is also the director of the Junior Choir for 4th through 6th grade students, and the Hi-Fi Choir for students in grade 7 through high school.

Three choirs will participate in the services this Sunday with the Chancel Choir singing two anthems, "With a Voice of Singing," by Shaw, and "Almighty God," by Will James. The combined Junior and Hi-Fi choirs will sing "Jesu, Joyance of My Heart," by Dickinson. As an innovation this week, the pastoral prayer will be sung, with the Chancel Choir's rendition of the beautiful "Prayer of St. Francis."

All persons who particularly enjoy worship through music are cordially invited to attend.

8 U.S. Judges Impeached

Garden Wedding Unites Sonya Howard And David Laverne Childers April 23

MR. AND MRS. DAVID LAVERNE CHILDERS
... nee Sonya Howard

Miss Sonya Howard, daughter of Mr. and Mrs. Morgan Howard of Little Rock, Ark., became the bride of David Laverne Childers Saturday, April 23, in a garden wedding at the home of his parents, Mr. and Mrs. Henry L. Childers, 170 San Gabriel Court, with Dr. Robert Schaper, pastor of Bethany Church, officiating.

The bride was radiant in a gown of white lace and tulle over satin. Her tiered veil was held by a Dior rose and she carried a cascade of white roses and stephanotis. Miss Nola Jean Childers, sister of the bridegroom and the bride's only attendant, wore a dress of green voile and carried yellow roses and stephanotis. The young couple exchanged their vows under an arch decorated with yellow daisies, flanked by daisy topiary trees.

Steven Sherman served as best man. Guests were seated by Michael Childers, brother of the bridegroom, who also was the soloist.

Following a reception, Mr. and Mrs. David Childers left for a brief honeymoon at Santa Barbara, after which the bridegroom returned to Fort Ord to complete his advance training. In June, the bride, who is a mathematics teacher at Washington Junior High School, will join her husband at Fort Hood, Texas, where he will serve with the First Armored Division.

Guests from out of town included the bride's mother, her sister, Janie Howard, her brother, Bruce Howard,

Bethany Church News

The Chancel Choir of Bethany Church of Sierra Madre, 83 N. Baldwin, will present Mendelssohn's "As the Heart Longs" at the 7 p.m. service on Sunday evening, May 22. Margaret Schaper, music director, announces that Mrs. Judith Jones, a regular member of the choir and a member of the music faculty at BIOLA College, will serve as soloist for the program. Other vocal participants will be Mrs. Ida Elby and Mrs. Sharon McCloskey singing two duets by Vivaldi and Marcello. Mr. Bruce Gaston, church organist, in addition to accompanying the cantata, will play "Chorale in E" by Cesar Franck.

This cantata marks the second time within six weeks that the Chancel Choir has presented a major program. On Easter Sunday evening a beautiful program was presented with a portion of Handel's Messiah serving as the central theme.

Dr. Robert Schaper, pastor of the church, will preach at the 8:30 and 11 a.m. services on the theme, "The Fruit of the Spirit." This is the second in a series on the subject, "The Person and Work of the Holy Spirit."

At the 9:30 a.m. hour the new 7,500-foot Christian Education Building will be

dedicated. Those participating in the program will include the chairman of the Building Committee, Mr. Ray Ellison; Norman Toombs, general contractor; Pastor Schaper and Rev. Ankey, minister of Christian Education. The second level new structure will house the junior and senior high youth, while the 4- and 5-year-old children will be at ground level. A beautiful 900 square foot room with an adjoining kitchen will be used for receptions and youth activities. The building completes the second of a three-phase program begun in 1962. A lovely patio is in the center of a U-shaped area with an attractive fountain at the base of the U. It is expected that in nice weather many of the evening services will be held in this setting.

Bethany Church continues to minister to the spiritual needs of the community through an age-graded Sunday School and youth ministry, in addition to the strong pulpit ministry. A cordial welcome awaits the visitor.

City 'Managed' Since 1908
Staunton, Va., was the first city to appoint a professional administrator. Staunton's manager plan goes back to 1908.

Soul and Body Topic of Sermon

The story of Job will form the basis for a Bible Lesson on "Soul and Body" at Christian Science church services this Sunday.

Explanatory passages from the denominational textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, will emphasize the theme that man's real existence is spiritual—in God—and that to accept this gives men dominion over the material body. Included will be these lines: "Man is tributary to God, Spirit, and to nothing else . . . Having one God, one Mind, unfolds the power that heals the sick, and fulfills these sayings of Scripture, 'I am the Lord that healeth thee,' and 'I have found a ransom.'"

Faith Lutheran Sermon Topic

"Christ Must Reign" is the sermon theme selected by the Rev. Armin Hesse for the 10:30 Sunday morning worship hour at Faith Lutheran Church, 845 Hastings Ranch Drive.

In this service the Junior Choir will present J. H. Schein's "We Thank Thee, Jesus, Dearest Friend."

Meeting at 9:15, the Sunday school departments will study the description of Jesus in St. Matthew's account of "The Last Judgment." Baby-sitting service is provided for pre-Sunday school age infants and children to enable young parents to attend the Adult Bible Study Class conducted in the church sanctuary.

At 6 o'clock on Sunday evening, the young people of the Walther League will have a pot-luck supper. After the meal the following new League officers will be installed: David Reed, president; Craig Garner, vice president; Cheryl Osti, secretary; John Gudritz, treasurer; Lee Pankoska, Christian Growth chairman; and John Heimbruch, sergeant at arms. Last Sunday evening the following were received into league membership: John Heimbruch, Debra Fair, Holly Heimbruch, Mia Wesels, Cynthia Coleman, Nina Plischke, Janice Pouncey, Artie Larson, Gregory Meiners, Stephan Dreher, and Bruce Curl.

In the 7:30 Midweek Bible Hour next Wednesday evening, the study discussion will center on "Some of the Major Non-Christian Religions." The Sunday school staff will meet at 8:30 p.m. In the Ascension Festival service this evening, May 19, at 7:30, the pastor will speak on "Jesus—Carried Into the Heavens." The Senior Choir will present Bach's "Draw Us To Thee."

Dr. Barnhart Announces Sunday Topic

"Stand Aside and Rejoice" is the challenging lesson topic of Dr. Ethel Barnhart at The Santa Anita Church, 226 W. Colorado Boulevard, Arcadia, Sunday morning, May 22 at 11 a.m. When man learns how to "stand aside" and let Divine Intelligence in the midst of everyone and everything take over, rejoicing will automatically become his daily attitude will be the emphasis made by Dr. Barnhart. She continues with, "You are invited to 'stand aside' with us at 11 o'clock Sunday morning and be blessed. Infant and child care is provided during the service."

Dr. Barnhart continues with: "What is the direction with: 'What is the direction in which my child's thinking is being, channeled,' is a question confronting every parent, regardless of the age of the child. Spiritual education is a 'must' if the potential of the youth of today is to be actualized in and as the adults of tomorrow. Graded classes in spiritual education are held at 11 a.m. Sunday mornings for youth from kindergarten through high school. All youth from kindergarten up meet in the sanctuary with their parents for the first fifteen minutes of the worship service. They then go to their graded classes. All children are invited."

"Thursday mornings at 11 o'clock all women who attend this meeting conducted by Dr. Barnhart are finding their lives flowing in greater harmony and completion. All women are invited."

The Women's Activity is holding a benefit luncheon and card party Friday, June 3, a noon in the Fellowship Hall. Donation will be \$2 per person. Both table and door prizes will add to the joy of the afternoon. Reservation for a table, singly or for as many as you wish may be made by calling the church for further information at 446-8206.

You and Your Neighbor

by Mary-Madeleine Lamphier

Busy as a beaver was Miss Clara Sykes, 91 W. Highland, in working to make the annual dinner of the Historical Society the success it was. Miss Sykes is the current treasurer of the society, and is an experienced hand at civic group work, as past president of the Woman's Club, and past secretary of the Priscilla group, which incidentally began work way back in the early days and still keeps going, meeting socially once a month, but contributing to the various drives.

Among those seen at the Wilson Junior High Arts Festival for 1966 were Mr. and Mrs. Jim Abernethy and Mr. and Mrs. Del Comer, and spotted among the art exhibits was a piece by Nancy Rule. The adults in these families must have been in extra fine fettle to know that real progress has been made on checking the problem of check dams. As for the startlingly high level of both the art shown and the performances of Wilson's band, orchestra, choral groups and glee clubs, I begin to run out of synonyms for fabulous and wonderful. Chatting afterwards, even

afterwards, even those who were high schoolers only a few years ago, instead of like myself, agreed that it didn't used to be like this. At one point I was resigned to the one-upmanship of the new math and all the science leaps ahead, but gee—does it have to be in everything? Guess so—when you think of donning a wise man's cap and pulling rank re maturity, you remember those opinion polls and interviews and civic activities and your own sprouts' budgeting, and that does it. At any rate, thanks for a most rewarding evening to Robert Simon and John Pickens, Mrs. Carol Tavis, Mrs. Kay Ford, Mrs. E. P. Spencer and Miss Stephanie Talpis—and, of course, to Wolf Schuhr and Charles Norman and all who helped without a spotlight.

Are we ever elase? Where but here would people take or granted not only the assorted menagerie that wanders down from the mountains with proprietary disdain, but the stray peacocks who occasionally have a touch of wanderlust? It was a startled morning when I spotted my first one on a neighboring roof. It's really an experience to see them stroll about the Arboretum, domestic as pigeons.

Dr. Barnhart concludes: "Our Dial-for-prayer, 447-6162, lovingly offers you spiritual help day or night."

playing on the Temple City team; Coach Toozie has played on amateur teams in England before playing here with the Southgate team called Holland, the Hollywood Bears, and the Huntington Park team.

"We're really proud of the boys, and you can quote me," says Coach Toozie. He further pointed out that the adults working with the soccer program have sought to erase the mistaken idea that this is a "foreign" game—obviously they have succeeded. Next year they hope to begin the season in September.

Final selection for the team to play at the international meet will be made from the following players, plus others to be added next week:

Ralph Acosta, Craig Anderson, Jack Conrad, Norman Couture, David Jones, Ricky Resh, David Ribbens, Danny Scharf, Michael Scharf, Eric Skarin, Kim Sutton, Hank Von Straten and Arlee Wingrove.

Jim Nickoloff Speaker

mer of PHS in both 1964 and 1965 at the school's annual sports banquet. Although Jim, in his membership in the California Scholarship Federation, has been a Seal-bearer with consistent straight A's since the eighth grade, he has spent 11 months of each year in the water at least two and sometimes four hours a day in training with the City of Commerce Swim Club. Twimming at the Men's Nationals in Toledo, Ohio, last summer, Jim placed ninth in the 200-meter butterfly. This summer he will be competing with the Commerce Club at the National A.A.U. Meet in Nebraska. In three years of swimming at PHS, Jim has broken 14 school records, four Foothill League records, set a C.I.F. Class "B" record in the 100-yard butterfly while at Marshall and was C.I.F. Varsity Champion in his junior year, which resulted in his being selected to the National High School All-American Team.

Jim will be majoring in international relations at Stanford this fall with an eye toward law school in the future.

topped by the first prize of three days and two nights for two at The Hacienda in Las Vegas. Even the "Little Grass Shack," a bar built for the occasion by Griffin Lumber Co., and the paper flower table decorations, made by many mothers working in groups during the baseball season will be awarded. All proceeds from "Vacations a Go-Go" will, of course, go into the fund for equipment to keep boys playing baseball together. Dance committee members are:

Stephany Turner To Wed
William Lawrence Jester

The announcement of the engagement of Stephany Turner, daughter of Mr. and Mrs. Joseph Turner of Sierra Madre and William Lawrence Jester, son of Rev. and Mrs. Charles Jester, of Lima, Peru, was made at Lewis and Clark College in Portland, Oregon, on May 4. A candle was passed in the Alpha Gamma sorority and an announcement was made at the Sigma Alpha Epsilon fraternity in honor of the occasion. Wedding plans are scheduled for June of next year.

You and Your Neighbor

The Jack Davis family of 675 S. Meadow celebrated the fifth birthday of son Bradley, their youngest (Karen is 6, Jeffrey 7) but he had some competition as star from Tina, their German Shepherd, who was awarded her degree as a "utility dog" after taking first place in both the open and utility classes of an obedience course in Monrovia. Tina has so many trophies from shows that the family is hard put to find shelf room for them.

Continental
Hair Stylist
Learns New
System At
International
Show

While attending the International Beauty Show in New York City recently, Joseph Spoto of Continental Hair Fashions had an opportunity to observe the work of Leo Passage, one of the world's leading instructors of hair styling. Mr. Joseph was so impressed by the work of Mr. Passage that he took an extra week to visit his salon in Chicago and receive personal instruction in the exclusive Passage "pivot point" system of hair setting.

Mr. Joseph says that Leo Passage "is one of the most dynamic talents in the world today." He has won more than one hundred trophies, including the International Beauty Show's World Supreme Hair-Styling Competition.

The pivot point system of setting the hair capitalizes on the natural tendency of the hair to grow in several directions on the same head, and results in curls that

are more graceful and more lasting than if the setting had forced the hair to curl against its natural inclination. Hair set by this exclusive method lends itself beautifully to the most sophisticated or the most casual styling, and offers maximum flattery in the hairdo. The hair is loose and softly feminine, yet completely controlled for lasting loveliness.

Mr. Joseph has conducted seminars at Continental Hair Fashions on the Passage method since his return from the east, so that the rest of the staff there would be briefed on this technique which provides a perfect foundation for every type of coiffure. The one shown here is the lovely GIGI, an Envy of Italy creation interpreted by Mr. Joseph. You're invited to stop in soon and have a flattering hairdo created just for you at Continental Hair Fashions, 500 East Green Street, Pasadena, Phone SY 6-6178.

A Salute!

We take this opportunity to salute a man who, in our opinion has done more to chart the future of Sierra Madre than any other man during the past eleven and a half years.

Larry Bevington, City Engineer, City Administrator, and local whipping boy, has worked long, hard and honestly to help plan the progress of our city.

He has now submitted notice that he will terminate his position with the city effective as a whole on June 10, then partly for a period and then with finality. We are in no way stating that there is no better man than Larry, but he will be sadly missed by those who realized his purposes and his sincerity in executing the job that was given him to perform.

As the days go into weeks, the weeks into months and the months into years, we will gradually forget him. A new man will take over, and after a time we will be the ones who judge the new as compared with the old, and only then we will realize, what we had and what we have had. The period of progress that this City has made from 1954 to June 13, 1966 will be referred to many times, and discussed among those who are taking up where Larry has left off.

Many of us have been quick to criticize, but slow in admiration, and although Larry has had many good moments to remember during those years, likewise he has many that he will wish to forget. Many, many times he has taken the abuse on his shoulders that was not rightfully his to take, but since it was his responsibility, then it was not for him to distrust the abuse.

Larry made it known to us almost a year ago that he was ready to go to greener fields. That offers made to him were of a nature that he just could not turn them down, and when these offers were made known to us, it was necessary for us to agree with him. No man, absolutely no man wishes to stagnate in one spot, and at his age he has many, many good years ahead of him that should be productive years in achieving the goals that he has set down for himself, the heights that he wishes to attain.

We, personally, asked Larry a year ago, that should the Civic Center be approved would this in any way change his decision to stay. His answer was a quick "no." He promised to work hard to gain this new quarters for our city, because in his heart he felt that we needed it, and had planned for it these many years, but his ambitions were much greater than a new Civic Center for Sierra Madre, and had the voters given the "nod" Larry had laid the groundwork of knowledge that it would have progressed to its completion without him.

The only reason that this year was granted was solely "emotionally" the desire NOT to let those down who had depended upon him on such a short notice. We needed this man desperately to complete the Water Survey, to complete Suffolk Avenue, and we needed the time to re-evaluate our employees, and secure competent men to fill in the many places that had become a necessity in our growing city. We also needed him to help educate the people in the Civic Center, and he set aside his personal desires to grant us this time in his life.

We have used you well, this past year, Larry Bevington, and we have used you to the fullest extent. You have given us one year of your life beyond that which you desired, and each of us who realize this give you a 12-gun Salute.

We take this opportunity in wishing you the very best in your new contacts, and may you be rewarded, as you travel down life's path, some consideration for your devoted service here.

Costs Taxpayers

Words are one thing — the deeds which are needed to support them are often a very different and more difficult matter.

A story from Washington by AP writer William F. Arboogast brings that truism to mind. He finds that some of the members of Congress who talk loudest and longest about the need for economy in government have joined in voting for all manner of increases in spending — including, of course, spending of the welfare state variety. Mr. Arboogast adds: "And if the trend that has developed during the first three months of the session continues, the 1966 Congress seems likely to increase rather than cut President Johnson's request for new appropriations and commitments for future spending."

There's nothing new about this situation. Economy talk is always politically popular, when confined to resounding generalities. It's something else again when specific spending bills are up, and it looks as if toes, all of which possess votes, are about to be stepped on.

Can't Make People Hire

When legislated minimum wages are artificially boosted by political pressures, rather than by ability to earn, potential employers are reduced and new unemployment roles are created. The millions of average citizens with a limited amount of money to spend for housework, yardwork, farmwork and a hundred and one every day chores, will not pay an unduly high minimum wage because they cannot.

More and more labor saving machinery will be used in all walks of life. Its use will increase in the home, on the farm and in all business and industry. Stores and factories will become more automated and serve yourself and do-it-yourself products and practices will multiply. By legislated handicaps, opportunities for unskilled persons to learn are reduced, relief rolls are increased and the inflation ball rolls on.

You can lead a horse to water, but you can't make him drink. And this applies to persons with limited dollars to pay unskilled help. The lawmakers can tell you what must pay, but they can't make you hire.

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper.

Does Tom Braden consider himself worthy of the descriptive slogan: "Guts" Braden for Lieutenant Governor?"

Liberal Tom, as President of the State Board of Education, has certainly never indicated himself to be suffering from an over abundance of modesty, nor has he ever been accused of lacking whatever it takes to be a dedicated Brown man (member of the Pat Brown political dynasty).

In all fairness, it appears that the right word is being used to describe the wrong candidate. If "Guts" is truly descriptive of England's Winston Churchill or of our own World War II hero, General Patton, then candidate Thomas Braden has about as much of the same stuff as warmed-over mashed potatoes!

Sam Yorty is a bird of a different feather. He has refused to join ranks with the pinkies in their coalition with the Communists which has caused Democratic Party State Chairman Robert L. Coate to publicly comment: "The party will handle him itself—he's going to get mercilessly trounced in the primary." Coate may make good his threat, because the Brown machine is far to the left and extremely powerful in California. Sam Yorty may not win the Democratic nomination for Governor, but no one can deny that the scrappy little mayor does have plenty of "guts."

Yorty has fired documented charges at an irate Governor Brown. Yorty is not afraid to hit where it hurts the most—right in the red-dish-pink underbelly of the Brown machine! Our Los Angeles Mayor has accused Brown of having the support of the Communist Party in his fight for reelection and names the California Democratic Council as a Communist-dominated organization. Yorty charges State Controller Allan Cranston with knowingly and openly conniving with Communists.

Is Mayor Sam Yorty standing on solid ground? In other words, is he factual in his accusations? This columnist's files contain documented evidence to back up Mayor Yorty's charges.

Yorty believes that the State Supreme Court already has declared that Proposition 13 is unconstitutional and that the decision is being withheld until after the June 7 primary because "Brown doesn't know what political effect the decision will have." This columnist has a pretty good idea what political effect the decision would have if it were announced today. It would undoubtedly destroy any possibility of a Brown victory. You see, a majority of the present members of the State Supreme Court are Governor Brown appointees.

In April of 1965, "Freedom at Any Price" contained the following lines: "Expert legal opinion backs up the charge that the Supreme Court of the State of California is not qualified to determine the constitutionality of Proposition 13."

"Legal counsel has pointed out that the majority of the State Supreme Court justices openly campaigned against Proposition 13... Associate Justice Stanley Mosk campaigned vigorously against Proposition 13 and recently, as a speaker before... State Employees for Equality, Mosk criticized property rights as opposed to 'human rights.'"

"As we all know, this is the basic issue on which we'll vote over four million California voters upheld the true intent of the Constitution which clearly states

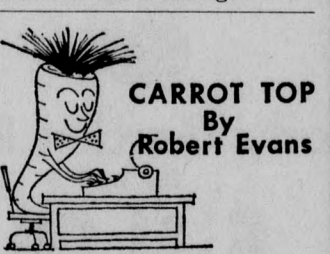

that one of a citizen's inalienable rights is 'acquiring, possessing and protecting property.'"

"As one columnist put it: 'If the electorate chose to change this wording, it would, of course, be null and void. But the electorate has not done so. From the vote on Proposition 13, it has no intention of so doing.'"

"... If you do not want an appointed, politically-motivated seven-man body to thwart the will of the people, then write your assemblyman and state senator to officially disqualify the State Supreme Court on the ground of prejudice!" So ends the April, 1965, quote from "Freedom at Any Price."

Today, two things appear quite evident: 1. That Mayor Sam Yorty has proven to have lots of the stuff that Tom Braden only claims to have; and, 2. That Governor Brown's appointed, politically-motivated majority of the Supreme Court will thwart the will of the people.

This column was written before the California Supreme Court handed down its decision declaring proposition 13 unconstitutional but the contents of the column has not been changed.

brothers achieve Eagle Scouts at the same time... I can imagine that this took considerable planning by both of the boys as well as their parents. Michael and Nolan Mackness are to be heartily congratulated. Of course the other three boys also are given much praise, but it is unusual for two brothers to hit the "big time" all at once.

Of course Sierra Madreans always do things in a big way, seems that none of us are satisfied with just "average"... we have to do just a little more than is required... Take, for instance, our Sierra Madre Civic Club, and our Sierra Madre Woman's Club... didn't they come home from the convention with an arm load of awards? They were not satisfied with just one or two or a half dozen, one club took 19 and the other one around 18.

And these awards are not just passed out for fun... each club must work for them and show results, and that's where Sierra Madreans shine, in "Working and Showing Results"... it was a good job done, ladies, just keep up the good work.

Now to close the column... I always think up the closing before I do the starting, if I didn't, I might never stop... heaven forbid... anyway...

It's only human nature to complain about the ever-rising prices we must pay for most of the things we buy. And it's only human nature to place at least some of the blame on those who sell them to us. It's very easy to charge... without evidence... that this merchant or that is a profiteer... but...

"Tain't so, and it won't hold up... Retailing, in all its branches, is among the most competitive of enterprises. The seller of wares, like the buyer, is the victim, not the creator of inflation, I hope, I hope, I hope.

PLEASE! Do not give Eaton's Restaurant an award!

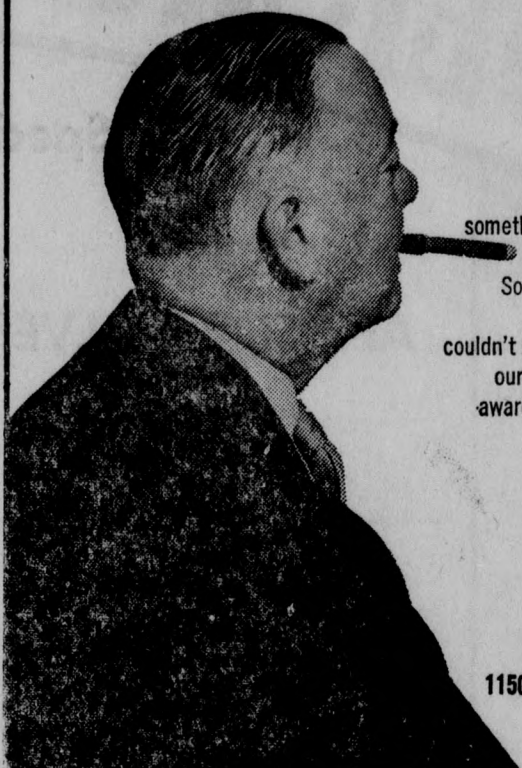

(we don't want to spoil our perfect record)

It's nearly time for us not to be awarded something again! And we hope nobody slips up and says our Fried Chicken has just won a prize. Some restaurants become hysterical if they're not on the "best this or that" list. We couldn't be happier the way things are... so long as our customers keep giving us their own special awards everyday. It's called money... and it fits into our cash drawer so much better than a trophy or a plaque.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—millions leave them there!

The Family That Prays Together...

Slogans have their place. But no slogan can really express the value of worship for a Christian family.

That those who pray together generally stay together is simply a statistical fact derived from someone's study of divorce and delinquency records.

What is important to the millions of American families who will attend church next Sunday is the spiritual foundation upon which they have chosen to build life. They are finding a way to meet and overcome the obstacles that so often frustrate the self-sufficient. They are seeking truth that endures.

Religion is not a gimmick that automatically insures happy marriage, well-behaved children or social well-being. But the family that prays together ultimately learns from God Himself the meaning of love, understanding and sacrifice. And these affect our homes... and our world.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
